

# SALAMALIK SHAYLDAEVICH

FRONT-END DEVELOPER

I am a Junior Frontend Developer with a strong foundation in creating interactive and responsive web applications using modern technologies such as React, Next.js, and TypeScript. My experience includes developing user interfaces and collaborating with backend developers for seamless UI integration. I am committed to writing clean, maintainable code and am eager to learn and grow within a team environment following Agile and Scrum methodologies. My enthusiasm for learning new technologies and trends in web development drives me to continuously improve my skills and contribute effectively to projects.
